## Objectives

Our students want to transform their career after 5 or 10 years of work experience and embed their practices in international knowledge to create solid foundation to executive managers.

### Western business management course style :

All the courses are going to use the newest western business management teaching method, including case study, business game, group homework, team negotiation and defense, business presentation and so on, which aims at improving students business skills and making them adapt to the actual business environment.

### International focused courses :

By studying the theoretical and practical foundations of International Management, the students will develop multicultural communication and team cooperation abilities, and will improve their way of thinking as well as their international vision.

## Program Structure

**LOCATION OF CLASSES :** The courses will be taught intensively once a month on weekends, on the campus of Shanghai Jiao Tong University in China or in Hangzhou and once a year, there is a Study Tour at the University of Montpellier in France.

**DURATION AND DEGREE :** The EMBA program lasts for one year and a half. After the writing of the dissertation students can graduate from the University of Montpellier.

**LANGUAGE OF INSTRUCTION :** Courses will be taught in Chinese or in French and English with Chinese translation.

**ACADEMIC TEAM :** Professors from Montpellier and other global universities are going to teach different courses and bring general ideas of international business management.
