

Part I

welcome

If you study at a university and want to expand your professional and personal competences, to learn about new cultures, meet new friends, gain international experience and get competitive advantage, come for an exchange semester(s) at KTU.

***KTU welcomes
students from all
over the world for***

Erasmus+ exchange studies
Erasmus+ internships
exchange studies under bilateral agreements
degree studies
research visits

why you should choose KTU

courses in English

Architecture
Computer Science
Economics and Business
Humanities
Engineering and Technologies
Physical
Sciences
Social Sciences

Easy to conclude an **individual study plan**

>30 Students' organisations: astronomy, debates, design, fine arts, investment, journalism, marketing, science, scouts, video and others

12 Sport Centres where students can join ~30 various sport groups to stay fit or practice professionally in ~20 University's teams

19 Open Access Laboratories

6 Libraries with around 600 work and 40 leisure time areas

6 Student Art societies in the fields of music, dance, photography, etc.

Lithuanian language and culture course

Mentorship programme (ESN KTU), career-planning training

Fastest WiFi among the universities worldwide

David Ternes,
Erasmus+ student,
University of Applied
Sciences Koblenz, Germany

The international office is very nice and helpful as well as answers all of the inquiries quickly. I visited the university before arriving there and I was impressed of how well-equipped it is. Kaunas University of Technology has a lot of laboratories and tools, which are modern and very useful in the learning process.

your destination Kaunas

**2nd largest city in Lithuania
centre of industry,
transport,
science and culture
city of students
vivid old town
green spots
bicycle-friendly**

**Peter Franik,
Erasmus+ student,
Brno University of Technology,
Czech Republic**

I chose Lithuania because it is in one of those parts of the world, which I still did not explore, so this decision was pretty quick. KTU is structurally very similar to my home university and is well-known for its great reputation. You need to take the opportunity to discover places where you would not usually go for your regular holiday, but it is an excellent place for your studies.

ESN KTU helps to get to know Lithuania

ESN (Erasmus Student Network) is a student organisation University that unifies creative, active, organised students to one big and friendly family, who cares about supporting and developing student exchange.

An ESN mentor is a KTU student who has already studied abroad (or perhaps is planning to study in the future), has the international and intercultural experience and voluntarily helps the incoming international students. The mentor meets incoming students upon arrival in Kaunas, accompanies them to the dormitory and helps during the first weeks in Kaunas. The mentors contact the incoming students by e-mail, a few weeks before arrival.

ESN.KTU

main events

Welcome Party
International Dinner
Social Inclusion Days
International Camp
ESN Sea Battle
Farewell
Trips to Lithuanian cities and foreign countries

**Bora Saman,
Erasmus+ student,
Istanbul Technical University**

ESN organises a lot of events, which are useful for getting to know each other and seeing other cultures, while the mentors help you to get around the city and the university itself.

accommodation

KTU dormitory

The arriving exchange students are usually granted a room in a dormitory. The rooms in the student dormitory are single or double. The rent prices are fixed: from 50 to 140 Euros.

private rent

Students are also welcome to rent their rooms privately. Average rent prices are from 200 to 600 Euros for a flat, depending on the number of rooms, location, living conditions, period of rent, etc.

dormitory.ktu.edu

**Laura Sparlinek,
Erasmus+ student,
University of Applied
Sciences Upper, Austria**

Dormitories are not expensive and modern. Students can hang out together and have small international dinners. Sports centre and most of the faculties are next to the dormitory in the campus, so the structure is very convenient.

estimated cost of living/ per month/per person

The cost of living very much depends on individual habits and lifestyle. Students have to pay for books and other academically related materials, if not provided by the library or teacher, also for accommodation. However, Lithuania is not an expensive country to live in.

dormitory € 100 (€ 50–140)

hygiene goods € 30

entertainment € 75

other € 60

public transport € 5

food € 145

€ 415 total

be active

Sports Centre of Kaunas University of Technology offers a variety of sports activities for the international students:

Sports club “Activated”

Group sport trainings (Callanetics, Yoga, Cardio training, etc.)

Individual sport trainings (Table tennis, Tennis, Badminton, Judo, etc.)

Team sport trainings (Basketball, Football, Volleyball, Cricket, Rugby, etc.)

Partners’ offers (Physiotherapy, Boxing, Swimming, Karate, etc.)

ktu.edu/en/sports-centre

**EuiRyong Lee,
Exchange student,
Kyung Hee University**

To make my life in Lithuania more fruitful, I was wondering what to do. Orientation on welcome week gave me a splendid idea. It was joining the sports. There are lots of leisure and sports activities in KTU Sports Centre, which you can do for free. For example, table tennis and cricket. I was eager to do rock climbing in Korea, but I did not get a chance, so I decided to start it here. I went rock climbing for the first time in my life. Everyone was so kind and helped me learn this. Now, I am planning to start other sports activities.

EXAM PERIOD

01–30 Jun

autumn semester

at your university	apply for an exchange semester/ internship at your home university
from 1 January to 1 May	your International Coordinator sends us an e-mail (nomination) that you were selected for exchange studies at KTU
from 1 April to 1 June	submit your application on incoming.ktu.edu
until 30 June	feedback and acceptance documents are provided
until 30 July	signed learning agreement and additional information is sent
July – August	get ready for arrival (we will ask for your arrival details, accommodation preferences and will send intermediation letters for visa, if needed)

application documents

Transcript of records

English language proficiency certificate (CEFR B2+, IELTS 5.5+, TOEFL iBT® 70+ or equivalent)

Learning agreement for Erasmus+ and Exchange students (forms are uploaded on the website), including study plan with no more than 33 ECTS credits in one semester

Copy of a valid ID card (only for EU and EEA citizens) or a passport (for non EU citizens).

spring semester

at your university	apply for an exchange semester/ internship at your home university
from 1 June to 15 Oct	your International Coordinator sends us an e-mail (nomination) that you were selected for exchange studies at KTU
from 1 Sep to 15 Nov	submit your application on incoming.ktu.edu
until 30 Nov	feedback and acceptance documents are provided
until 30 Dec	signed learning agreement and additional information is sent
Dec – Jan	get ready for arrival (we will ask for your arrival details, accommodation preferences and will send intermediation letters for visa, if needed)

tips

choose courses from degree programmes or discrete courses

no more than 33 ECTS credits in one semester

Bachelor's students may choose only courses from Bachelor's programmes; Master's – only from Master's programmes

detailed course description on admissions.ktu.edu
Exchange students, Courses

it is recommended to select courses from the same faculty

if you have questions in regard to the individual study plan, consult the faculty's international coordinator

no documents have to be sent by post, scanned documents have to be uploaded in your online application

you can save your online application at any time and continue to work on it at a later stage if you wish so

courses in English for Exchange Students
